

“We save over \$18,000 per year with the OOSS Processing Program! ...”

“ My name is Ray Mays and I’m an administrator for Eye Care Centers of Tennessee. **With our [former credit card processing company], I was absolutely unable to understand and reconcile my monthly statement and deposits into our internet banking account ... nothing ever balanced.** I knew I was being overcharged, I just couldn’t figure out how.

As my frustration mounted, *I finally called my brother-in-law who works for an intermediary between an issuing bank and Visa/MasterCard.*

He recommended we call Professional Solutions, a direct processor who works specifically with healthcare offices and facilities.

From the first time we contacted Professional Solutions, they were easy to do business with. I simply sent my last month’s processing statement and **they sent me a side-by-side comparison vs. our existing program. It was clear, concise and very easy to read. The comparison showed we’d end up saving \$1,500 per month and over \$18,000 per year on our processing.** In this day and age with falling medical reimbursements, it was nice to save the owners of our company \$18,000!

The savings was a nice bonus, but for me, I appreciate the fact that their statements are easy to read and everything matches up ... I can specifically see what I am being charged for ... it’s so nice!

Switching was FAST and EASY!

With the OOSS Processing Program, **switching was painless. It required almost no time out of anyone’s day.**

The terminal came in the mail pre-programmed; the office managers at each location opened it up, plugged it in, and called the number that was on the box. Within a couple of minutes we were switched over. That’s how smooth it was.

The Professional Solutions staff gave first rate service ...

The staff at Professional Solutions was very professional ... very organized. When we call them, a real, live and friendly person actually answers the phone.

I'd highly recommend the OOSS Processing Program.
It's been fabulous!

“Their credit card processing saves us \$100-\$200 a month ... ”

“ I sent a copy of my last statement. They analyzed it and told me they could save us a significant amount of money. **They have routinely saved us \$100-\$200 a month.** We have been very happy ever since with their rates and service. Whenever I call, I get a live person who does exactly what they say they will.

“It's nice ... to make sure I'm getting the best deal possible ... ”

“ The Challenge really caught my attention because I've had issues with other credit card processing companies in the past ... **It's nice to be able to compare my existing rates and fees to make sure I'm getting the best deal possible** ... I think getting credit card processing from a company I trust is a great idea ... and the \$100 challenge is a nice incentive to switch.

“Everyone has been wonderful to work with.”

“ There was no pressure to buy—none at all. They were very nice. They even offered \$100 if they could not give us a better price. It was nice to see a side-by-side comparison vs. our existing program. They were able to save us money.

Everyone has been wonderful to work with. Regardless of how simple the question might be, they get right back to me and are very helpful.

I can trust them.
